BUSINESS MEN ENTHUSIASTIC

Over Future Which Can Be Made for
Stanford By Right Sort of Boost-
ing Organization.

Steps were taken at a meeting of about 30 business men of Stanford Tuesday night, looking to the consolidation of all of the co-operative commercial organizations of the city into a strong central body which shall have for its purpose the most worthy object of putting Stanford more decidedly and more prominently "on the map" of this part of Kentucky.

Enthusiasm was rampant at the meeting for a Boosting campaign, which will result in a greater and better Stanford. The old Commercial Club, which as its former president said, had as about the only tangible result of its work the "dislocation of the Boone Way," was merged into a new organization to be known as the Stanford Chamber of Commerce. The Credit Men's Association, under the auspices of which the luncheon or smoker was held Tuesday evening, will form an integral part of the new Chamber of Commerce, as a body within the main organization, both working toward the same chief purpose—to make this one of the best business communities in the state.

The luncheon was a most delightful affair in every particular. It was faultlessly served at the Princess by Manager Wallace Walter, the menu consisting of oyster soup, old ham sandwiches, chicken salad, hot rolls, coffee with sugar and real cream, and ice cream and cakes. Those gathered around the prettily decorated tables were Messrs. Wm. Severance, W. M. Bright, E. J. Howenstine, J. C. McClary, K. S. Alcorn, W. B. O'Bannon, S. M. Saufley, Harry Hill, Howard Newland, T. W. Pennington, E. J. Brown, and John W. Brown, of Mt. Vernon, Alfred Pence, A. B. Florence, H. J. McRoberts, E. B. Campbell, John S. Baughman, Tom Pence, W. K. Warner, Sam Robinson, D. B. Southard, J. W. Acey, J. C. Bailey, Tom Phillips, T. K. Tudor, W. C. Wilson, J. G. Carpenter.

After the luncheon had put everyone in a good humor, and cigars had been passed around, President Wm. Severance, of the Credit Men's Association, called the session to order, and introduced the various speakers, making a most interesting talk himself at the beginning, in which he told of the origin of the credit men's body about a year ago and of the amount of good which the members had obtained from membership in it even in that short length of time. He believed that what had been done by that body was simply an indication of what an enlarged organization could accomplish in Stanford, an organization in which every live business man had an active, working part, and all pulling together to make this a better city. He asserted that Stanford would never go forward if the business men were content to sit still and let things drift along.

Mr. Severance then introduced E. J. Howenstine, secretary of the Credit Men's Association, and one of the city's "live wires." Mr. Howenstine gave his hearers some very valuable and interesting information on Rules Governing a Successful Credit Department. Mr. Howenstine has made his collection agency here one of the most potent factors in reducing credits to a science and every word he said was the soundest sort of business common sense. He declared that the real difficulty encountered was the lack of energy on the part of merchants and business men. He urged a broader vision in salesmanship, a spirit of promptness, and declared that the secret of success in the credit department is a strong will, an invincible purpose and a settled determination.

"The Law and the Merchant" was responded to next by Attorney K. S. Alcorn, who gave the merchants and business men present some information which concerns them vitally that undoubtedly opened the eyes of a great many of those present. He sketched briefly and very entertainingly a few of the laws with which the merchants usually come daily in contact with, and those concerning which the business man should inform himself, naming the chief statutes which affect the man in business to be the statute of limitations, the right of a married woman, the rights of infants, the law of assessments, the law concerning attachments, the law concerning property which is exempt, etc.

Cashier W. M. Bright, of the Lincoln County National Bank, followed Mr. Alcorn with a breezy and inter-

esting talk on the relations of The Banker and the Merchant. Mr. Bright declared emphatically for an aggressive advertising and boosting campaign for Stanford, which he declared was the only way that new business could be brought into the community. He pointed out the vast possibilities which lie to the east of this city, and that Stanford might well be advertised as the gateway to the rich southeastern section of Kentucky. Mr. Bright suggested that a descriptive booklet or pamphlet of Stanford and Lincoln county, should be issued, and distributed throughout the sections in which they might do the most good. He was liberally applauded when he offered to be one of 20 men who would contribute \$10 to a fund, to be kept separate and distinct from the regular fund of the commercial organization, to be used strictly as an advertising fund for the city to get out and distribute matter showing what Stanford has and has to offer; and then declared that after the fund was raised, he would be one of a number to contribute \$5 more each as an additional fund to keep the good work going. Mr. Bright gave his hearers some splendid suggestions on co-operation among the business interests of this city. He said in part:

"I hope there is not a man here tonight who came with the sole idea of a social meeting and a good time. We are here for a purpose—to devise something that will be a benefit to our town and county. Let's put a little business judgment and aggressiveness into it. Every merchant and every banker who has red blood in his veins wants his institution to grow. In order to secure new business, we must indicate a desire for new business. When a new store opens up in town the first thing they do is to tell the people who they are—where they are—and the bargains they have to offer. When Hays Foster wants a good crowd to see a good picture, he circularizes the town and a man on the top of his business with a megaphone tells the people to come and they come. In this undertaking, I want to suggest that we all take trumpets and megaphones and not hammers."

"I think the first thing we should do is to tell the whole world who we are, and the attractions we have to offer. Let's have a publicity league. Why not let the coal and lumber operators in Eastern Kentucky know of the church, educational advantages and homes for their families we have here, and let the natives of the mountains who have sold their lands at good prices, know of the good farms and homes in Lincoln county and our splendid markets and shipping facilities to Louisville, Cincinnati, Knoxville, Atlanta and other points. Why can we not unite to extend the trade limits of Stanford? Instead of me trying to induce one of the First National's good depositors to come to our bank, let me try to bring new ones to the town; instead of you merchants trying to get one of your competitor's good customers, branch out and bring a new one to the town. This will make Stanford grow."

"With the consent of the promoters of this gathering, I am going to make you a proposition: In order to advertise our town and county in an attractive illustrated booklet or pamphlet, that in itself will be a credit to our own, I will be one of 20 men to give \$10.00. When this is filled, I will be one of 20 men to give \$5.00, this alone to be our Advertising Fund or Publicity League. We want not less than \$300, and then we should send a good man to every town in Eastern Kentucky and distribute them to the best advantage."

Following Mr. Bright's suggestions, President J. C. McClary, of the old Commercial Club, urged a consolidation of the various commercial organizations and enterprise. He said that the only thing the old Commercial Club had to show for its work was a "dislocation of the Boone Way," and that the real trouble had been that Stanford had never gone after anything with a solid front. He said that he, as a business man of the city, had gotten more out of the Credit Men's Association than any other organization the town had ever had, and urged that the business men of Stanford put all their shoulders to the wheel in a united effort.

S. M. Saufley then followed with a round table on Boosting Stanford. He defined Boosting as simply another term for Advertising, and declared that in boosting Stanford, it should be the aim of the citizens in their combined efforts not only to let the outside world know of what Stanford has to offer in the way of advantages, but to plan to secure other things which will make the community still more attractive to outsiders and at the same time, a better place in which to do business and make Stanford.

Helm Puts In Federal Building Bill for Stanford

The first step toward a Government building for Stanford was taken by Congressman Harvey Helm at Washington Thursday when he introduced a bill in the House appropriating \$10,000 for the purchase of a site for a building here. If Congressman Helm can put this bill thru the House, Senators James and Beckham will do everything in their power to push it through the Senate. The Stanford Chamber of Commerce will undoubtedly take action upon this matter at once, and do everything in its power to push the good work along. A telegram from Washington Thursday told of Mr. Helm's bill as follows:

"When it developed today that there might be a Public Buildings Bill at this session, Representative Helm introduced a special act appropriating \$10,000 for the purchase of a site for a Public Building in his home town of Stanford, Ky."

PROF. B. J. PINKERTON DEAD

Former Teacher in This County Passes Away In Florida.

News which was received here Wednesday of the death of Prof. B. J. Pinkerton, caused much sorrow among the many who knew him well here and the large number who had studied under him, both in Stanford and at Hustonville, where he resided with his family a number of years ago. From Stanford, Prof. Pinkerton went to Lexington where he taught in Campbell-Hagerman College. The Lexington Leader said of his death: A telegram to relatives and friends here today announces the death at Ormond, Fla., of Prof. B. J. Pinkerton, formerly one of the best known educators in Central Kentucky. His death, which was due to pneumonia, came after several weeks' illness. His condition several days ago was reported as very encouraging, and his death was a decided shock to his relatives and numerous friends here and elsewhere. His death occurred at the home of his sister, Mrs. J. D. Price. He was about seventy years old and is survived by his wife and six children. His wife and daughter, Miss Pearl Pinkerton, were with him, as was also his brother, S. D. Pinkerton, of Versailles.

Prof. Pinkerton was for eight years connected with Campbell-Hagerman College, this city. Previous to coming here he was president of Christian College at Hustonville, and Madison Institute, Richmond. The news of his death will be heard with regret by a wide circle of friends and former school patrons throughout Central Kentucky. The body will be brought back to Kentucky for burial.

POPULAR COUPLE WED.

Miss Beulah Lewis, one of the prettiest and most popular girls of the younger set of Somerset, and Neil Waddle, son of Ed Waddle, assistant cashier of the First National Bank of that city, eloped to Glen Mary, Tenn., and were made husband and wife. The bride is a daughter of the late James W. Lewis, and is a strikingly handsome and attractive girl. Mr. Waddle is a prominent young business man of his home town.

After Lagrippe—What?

F. G. Prevo, Bedford, Ind., writes: "An attack of lagrippe left me with a severe cold. I tried everything. I got so thin it looked as if I never would get well. Finally, two bottles of Foley's Honey and Tar cured me. I am now well and back to my normal weight." A reliable remedy for coughs, colds and croup. Sold everywhere.

happier homes for the people already here. He called upon Mayor A. B. Florence, J. C. Bailey, John S. Baughman and W. C. Wilson for suggestions as to what could best be done to Boost Stanford, and the ideas of all were a unit that new business enterprises should be secured if possible, attractive propositions should be made as far as possible to invite them here, and a live, aggressive campaign instituted, looking toward advertising Stanford as the best town of anywhere near its size in the state.

At the conclusion of these addresses, by common accord, it was decided to amalgamate all of the commercial bodies of Stanford into a Chamber of Commerce. J. C. McClary was chosen President, W. M. Bright, Vice President and E. J. Howenstine, Secretary by acclamation, and these were authorized to suggest an Executive Committee or Board of Directors of six members to be reported at the next meeting next Friday evening, Feb. 18. The invitation of Mr. Bright to make the directors' room of the Lincoln National Bank, headquarters, was gladly accepted. Every man present pledged himself to join the new organization, a campaign for new members was proposed and will be formally launched, and all left with the keenest enthusiasm manifested in the new slogan—Boost

WEALTHY ROCKCASTLE MAN

Passes Away at Brodhead—Was a Native of Lincoln.

Thomas S. Frith, one of the most prominent and substantial citizens of Rockcastle county, died at his home at Brodhead at four o'clock Thursday morning, as a result of a general break-down and complications incident to old age. Mr. Frith was 75 years old, and nearly all of his life had been spent in Rockcastle, although he was born in the Preachersville section of this county. He was one of 13 children, of whom but one is now left, J. G. Frith, of Brodhead, whose wife was a Lincoln county lady. One of Mr. Frith's sisters, was the mother of Mrs. Jay Howenstine and Lester O'Bannon, of this city, and Mrs. Joe L. B. Coffey, of Frankfort.

Mr. Frith is survived by three sons, Messrs. Tilden, Morris and Herman Frith. His wife preceded him into the Great Beyond in July 1913. Deceased was a life-long member of the Christian church, and a member of the Masonic lodge of Brodhead. He went to Brodhead when a young man, and engaged in the mercantile business there in 1864. Thru keen business acumen, thrift and honesty in his dealings with his fellow man, he accumulated quite a competence, and is said at the time of his death to have owned more land in Rockcastle than any other man, his holdings approximating, probably 3,000 acres. He was considered perhaps the wealthiest citizen of that county.

Funeral services were conducted at the home of the deceased on Friday afternoon at one o'clock, followed by interment in the Brodhead cemetery, the Masons having charge of the final rites over their departed brother.

NORTH—NUNNELLEY.

News was received from the West End today of the elopement of Mr. Ed Nunnelley, son of the late Thomas G. Nunnelley, and Miss North, the youthful and attractive daughter of Mr. and Mrs. Grant North. The young couple are said to have eloped to a point in Tennessee where they were married. Both are very popular, and have many warm friends who will extend hearty congratulations.

GOOCH—SPOONAMORE.

Rev. W. D. Welburn said the words Wednesday afternoon at the Methodist parsonage here which united in matrimony's holy bonds, Walter M. Spoonamore and Miss Nellie Gooch, of Crab Orchard. Both have a host of friends who will extend congratulations and best wishes for a long and happy life.

NOTES OF CURRENT EVENTS.

There has been no diminution in the severe fighting in the Artois region of France. Berlin reports that German forces occupied a large section of a trench northwest of Vimy and a mine crater near Neuville was retaken. Paris, on the other hand, states that southwest of Vimy, the Germans were driven back.

Secretary of War Garrison and his assistant, Henry S. Breckinridge, of Kentucky, resigned yesterday because President Wilson would not "irrevocably" support the plan for a continental army. Their successors have not been chosen, but Congressman Swager Sherley is one of three men being mentioned in Washington as a possible successor.

Germany and Austria-Hungary have notified the United States that after March 1 all armed enemy vessels will be sunk without warning, and the action is regarded as a development of the recent memorandum of Secretary Lansing proposing the disarming of merchant ships, and an assurance of protection for unarmed vessels.

Sixty-one indictments were reported by the San Francisco Federal grand jury in the German bomb conspiracy cases, among the defendants being the German and Austrian consular agents.

Now Feels Entirely Well.

A. H. Francis, Zenith, Kas., writes: "I had a severe pain in my back and could hardly move. I took about two thirds of a 50c box of Foley Kidney Pills and now feel entirely well." Middle-aged and older men and women find these safe pills relieve sleep disturbing bladder ailments. Sold everywhere.

FISH LANDS NICE PLACE.

On the day he was taken to Louisville to undergo a serious operation, news was received by W. S. Fish here of his appointment as a Deputy Internal Revenue Collector under the narcotic act to fill the vacancy caused by the recent resignation of Dr. W. N. Craig, of this city. Mr. Fish had strong endorsements to both Senators Beckham and James and Congressman Helm, and the appointment will be a very popular one.

Hustonville

Senator Charles F. Montgomery, of Liberty motored through here Monday morning on his way back to Frankfort. He makes the trip thru each Monday and back again Saturday.

A great deal of corn has been changing hands here in the last few days at a considerable advance in price.

T. L. Carpenter arrived home Friday from Danville where he had been for a few days and seeing after the sale of his tobacco crop, which he sold at a satisfactory price.

McCormack & Tucker shipped over 200 hogs to Cincinnati last week that they recently purchased in Lincoln county a few days ago at from 5 3-4 to 6 cents.

Miss Margaret McCormack spent a few days last week in Danville visiting Mrs. C. R. McCormack.

B. W. Leigh is closing out his entire stock of goods. He will go back to farming.

Miss Florence Spragens of Ellisburg, was in our midst last Friday.

Yowell & Eads sold to B. G. Fox, of Danville, a cotton mule for \$110. W. G. Cowan bought of Billy Givens last week a load of alfalfa hay that he will feed to his ewes and lambs.

Wm. Dodd shipped to John McChord of Lebanon, last week, a wild goose for breeding purposes.

Mrs. R. L. Berry tells us that she gathered up 90 eggs one day last week.

J. Wesley Hughes of McKinney, was here Saturday shaking hands with a number of old friends.

News comes from Lebanon that another son has been born to Mr. and Mrs. W. H. Spragens, and has been named John Brewer.

J. O. Carpenter, of Danville motored here Saturday on business and returned that evening.

The officers of the Hustonville cemetery met Saturday afternoon at the National Bank and transacted some important business.

Mrs. Daniel Traylor of Stanford, was up Saturday and Sunday with her parents.

Steve Walker went to Lancaster Sunday to bring back his wife and daughter, who have been visiting relatives there for the past few weeks.

E. C. Hopper, president of the Hustonville Clock Works, which are now making a very favorable headway is still holding forth at the Literature corner of the National Bank. Any one wishing to take stock in this enterprise should call and see him or T. L. Carpenter. The Commercial Club should get behind this and see what can be done.

John J. Brown, the Fork mail carrier, has been awful sick of grip for the past few days and he thought he would not survive but a few days, but we learn that he is showing a great improvement and will soon be able to be out again.

Hunt up the petition for the road bonds and sign it so it can be presented to the County Court Feb. 14, for an election to be held 60 days afterwards. Everybody is for it up this way.

John Stepp and son, of Carpenter's Creek, was here Tuesday on business. Squire Gann lost a valuable brood mare last Sunday.

George Tucker last Tuesday for Mt. Olive, where he expects to make some large purchases of live stock. Mack Peavyhouse is now busy clearing ground on Adam's Hill, just south of town, to grow tobacco.

Mail carrier John J. Brown was able to be on his route Tuesday.

John Hicks started to school Monday, went a half day and then decided to quite for a while.

J. P. Eads moved his household goods Tuesday to Fayette county, where he has rented a farm for this year.

Hudson Bohon was here Monday from Kid's Store. His auto broke down on him, on his way home, and was compelled to bring it into town where Riffe & Williams furnished the necessary repairs.

Yowell & Eads sold Sam McKinney, a work mule for \$130.

Mrs. Tom Best of New Mt. Salem, was the guest of her sister, Mrs. S. T. Carpenter.

The show at the opera house Monday and Tuesday was said to be a good one, by those who were fortunate enough to be present.

Dr. O. S. Williams went to Lexington Tuesday to take the examination as automobilist.

Squire W. M. Fields is making preparations for putting in a large crop of tobacco, hemp, corn, etc., this year on the farm he purchased of T. L. Carpenter last fall.

What Children Need Now.

In spite of the best care mothers can give them this weather brings sickness to many children. Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar cured my boy of a severe attack of croup after other remedies had failed. It is a wonderful remedy for coughs, colds and whooping cough." It stops lagrippe coughs. Sold everywhere.

DRY BILLS TO FRONT IN HOUSE

Drys Force Out of Hands of Committee and Also Pass Sunday Closing Bills.

The Drys were in the ascendency in the House at Frankfort this week. Early in the week, they took the state-wide prohibition bill out of the hands of the Committee on Alcoholic Liquors, where the Wets had hoped to keep it buried, and put it in the calendar where it will soon come up for action by the House. The vote to take the state-wide bill out of the hands of the committee was won by the Drys by 51 to 43. Representative W. G. Gooch, of this county, voted against taking the bill out of the committee's hands. Representative Clay Kauffman, of Garrard, was found voting with the Drys in favor of taking the bill from the committee's hands. Considerable surprise was occasioned by the vote of Representative Claude Minor of Boyle county, who voted with the Wets against bringing the bill out. Mr. Minor had been counted as a Dry man and came from one of the Driest sections—Perryville—anywhere. It is understood that his constituents are letting him hear from them in no uncertain terms since his vote on this question.

On Wednesday the bills offered by Representative Greene seeking to enact legislation which will force the saloons of Covington and Newport to remain closed on Sunday, were passed by large majorities. Representative Gooch, of Lincoln, voted for one of the bills, and against the other. Gov. Stanley and the Administration had felt out sentiment on a State Excise Commission bill, which would place control of all saloon licenses in the state in the hands of a high-salaried board to be named by the governor, but found sentiment so strong against it that the bill was not offered, and the Greene bills went through sailing. The first of the Greene bills provides that all places where liquor is sold in violation of law shall be considered common nuisances, and provides for the abatement of such nuisances by injunction. Upon the affidavit of three credible citizens of any community that such nuisance exists, the Attorney General of Kentucky is required to institute an action to enjoin the nuisance perpetually.

The other bill provides that any saloonkeeper who violates the law shall forfeit his license, and that no such saloonkeeper shall ever be granted another license. The most drastic feature of the bill is the section which gives exclusive jurisdiction in all cases under the act to the Circuit Court of Franklin county. The Attorney General is required to summon alleged offenders before the Franklin Circuit Court upon the affidavit of two credible witnesses that there has been a violation of the law. Either side may appeal from the court to the Court of Appeals.

By a vote of 51 to 39, the House acted favorably upon the bill to submit the question of granting the vote to women, at its Thursday's session. The committee rendered an adverse report on the bill but the House advanced the bill by the vote named over the committee's report. Representative Gooch, of this county, voted against the woman suffrage proposition, but Representative Kauffman of Garrard, voted for them, as did Representative Wall of Casey. Representative Minor, of Boyle, was not recorded as voting by the daily papers.

Gov. Stanley on Thursday signed the anti-pass bill, which means that public officials cannot secure favors of this kind from railroads in the future. It does not become effective, however, until the first of next January.

AUTOMOBILE.

model Maxwell Touring Car, for sale cheap. Just bought in October and is as good as new. A bargain. Would not sell if I didn't own other cars. G. C. Walker, Lancaster, Ky. 12-1

George S. Shanklin, president of the Fayette Home Telephone Company, at Lexington, and a prominent leading citizen of that city, died suddenly at his desk Wednesday.

BUTTER MADE IN THREE MINUTES.

A BIG, FREE DEMONSTRATION

—OF—

THE LANCASTER BUTTER SEPARATOR.

Next Saturday, February 12th, I will have an All-Day Demonstration of the Wonderful New Device that Is Revolutionizing Butter Making.

I want you people of this county who are making butter to come in and see the Lancaster Butter Separator in action and learn for yourself how you can make better butter quicker and easier than you ever made before.

The Lancaster Butter Separator is not a "Churn."

The Lancaster Butter Separator is first of all not a "churn." It does the work of a churn but it works on a new principle that enables you to make butter in from three to five minutes time with the smallest part of the work and trouble that accompanies making butter in your ordinary "churn."

The Lancaster Butter Separator Gets All The Butter Out of the Cream.

With an ordinary churn you lose from 1 1-2 to 4 per cent of your butter fat. With the Lancaster Butter Separator you get all the butter fat out of the cream and this saving alone will pay for your Separator in a year's time.

**The Lancaster Butter Separator Makes
so Much Better Butter that
I Will Pay You From 5 to 10c a Pound More
For Lancaster Butter.**

The Lancaster process of butter making is so different that it enables you to turn out a grade of butter so far superior to the butter made in a "churn" that I will agree to take all Lancaster Butter, put up in Lancaster Butter Cartons, off your hands at from 5c to 10c per pound more than I could pay you for your regular butter made in a "churn." You can't afford to overlook this point for by getting more for your butter you will pay for one of these Butter Separators over and over again in a year's time. So for the sake of easier butter making, quicker butter making, more butter and better butter do not fail to

DYER, TENN., MAN SUFFERED 40 YEARS

J. T. Castleman Finds Hope Fulfilled
After Passing Threescore
Years.

J. T. Castleman of Dyer, Tenn., suffered from stomach derangements for forty years, taking all sorts of medicine, following all kinds of medical advice.

In all the forty years, he said, he never had a real good day—until he tried Mayr's Wonderful Remedy. Then he discovered something. Let his letter tell about it:

"The first dose of Mayr's Wonderful Remedy caused gall stones to pass from me. I am feeling much better than I have ever before. I am 64 years old and I had never before enjoyed one whole good day.

"I would not give the one bottle you sent me for all the drugs and doctors' medicine that is made."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

For sale by Penny's Drug Store and all other reliable druggists.

Agriculture and the Bureau of Agriculture at Washington, D. C., to the door of every farmer in this county.

The fiscal court of Mercer county has recently set aside an appropriation of \$300 to pay the salary of a lady to supervise the Girls' Canning Club during the next season. Hardin county is going to pay a woman \$1,000 to do this same work. Last year Mercer county paid \$300 for a supervisor of the girls' canning club and the products of their work are valued at \$3,000.

Now, to the final question "Will Lincoln county have an agent?" and the answer rests with those who are in sympathy with the extension department of the State. They are the men who are going to talk the county agent proposition over with their neighbors and in due time insist on the proper authorities securing one for the county.

IS A COUNTY AGENT A GOOD PROPOSITION?

(Contributed.)

When a man is ill he sends for a physician and follows his instructions.

When a man is in legal trouble he sends for a lawyer and commits his case to him and trusts to his legal knowledge to bring him out of his difficulties.

When a man wants to buy or develop a mineral property he sends for a mining engineer and is guided by his advice.

The doctor and the lawyer and the mining engineer are experts whose lives have been given to the study of the problems which the laymen face in sickness, or law, or in business.

How about the farmer?

"Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It" Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes—on corns and calluses? It's always right somewhere in the world, with many

"Wheel! I Don't Care! I Got Rid of My Corns With 'Gets-It'!" folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions—and the "holler" in their corns goes on forever! Don't you do it. Use "Gets-It," it's marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stick to the stocking, hurt or irritate the toe. Pain stops. Corn comes "clean off," quick. It's one of the gems of the world. Try it—you'll kick—from joy. For corns, calluses, warts, bunions. "Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy, by the Lincoln Pharmacy.

A practical Farm Demonstrator will solve the problems for him.

In July, 1912, the College of Agriculture at Lexington, in co-operation with the United States Department of Agriculture, inaugurated an effort to place a farm adviser or "County Agent" in every county of the state that would bear half the expenses of such an undertaking.

From the very outset the movement was popular, the agents proving their usefulness by teaching better tillage methods, more intelligent use of fertilizers, use of green manure crops, crop rotation, pruning and spraying of fruit trees, better breeding, feeding and management of live stock, vaccinating hogs against cholera and a long list of other things that help the farmers.

There are now forty counties in Kentucky that have these county agents. The result of the work of some of these farm agents may be seen in the following reports from a few counties.

Crittenden county—"The yield of corn in this county is one of the largest ever made. One 'Corn Club' boy reports a yield of 87 bushels per acre while his father made 80 bushels per acre in the same field."

Hardin county—"There is good interest in soil improvement in this county; some of the farmers are using as much as 400 tons of ground limestone. The farmers at Vine Grove have made a co-operative order for 100 tons of raw rock potash."

Trigg county—"One of the 'Corn Club' boys in this county made 87 bushels, 28 pounds of corn on his acre, which was more, according to the statement of his father, than was made on three acres adjoining."

Ballard county—"There is considerable interest among the stock raisers toward standardizing the breed of cattle in this county. All are selecting Hereford bulls to head their herds."

Pulaski county—"Since the organization of the 'Boys Corn Club,' the yield per acre in this county has been more than doubled." And thusly run the reports from all the counties that have secured the services of a county agent.

Have the farmers of Lincoln county any one man to whom they can go for advice on farm problems that confront them from day to day? Would such a man be of financial value to the county? And how may the services of a practical man be se-

cured?

In answer to these questions, one must say, to the first, No; to the second, County agents have not been discontinued in any county in which they have been established and from the reports of the counties that have them, they have proven beyond a doubt to be of great value to all farmers who are willing to follow their advice; and to the third: Dr. Fred Mutchler, the head of the Extension Department of Kentucky says, "The National and State Departments will bear half of an agent's salary in Lincoln county," and "I suggest that not more than \$800 be allowed by these departments for the first year." This means that Lincoln county can have the services of a county agent for the coming season if she will raise \$700 or \$800. If the agent could be secured at a salary of \$1,400 per year the county would have to bear \$700 of that sum.

This is an easy way to bring the services of the State Department of

Speaking of the Weather

February and March bring weather conditions very trying to most people.

Colds, coughs, sore throat, tonsillitis, catarrh, bronchitis, pneumonia, are all prevalent.

These are all catarrhal conditions. All dependent upon the same cause, climatic changes. Sloppy weather underfoot. High winds, chilling blasts, changing from day to day. Thermometer dancing a jig. Barometer following suit.

All of the acute catarrhal conditions above referred to, call for

PE-RU-NA

They call loudly, too. If Peruna is neglected these catarrhal conditions are liable to become chronic. One bottle of Peruna used at the right time will save months, even years, of suffering and sickness.

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Ottenheim

The Ottenheim public school closed Friday with a nice entertainment and a large crowd present. Profs. White and Russell are to be congratulated on the good work done the past session.

There are several cases of grip and colds in this community.

Mrs. F. H. Schumann was very ill recently. She has been under the care of Dr. L. F. Jones.

Mr. Will Smith is on the sick list. Mrs. Joseph Wientjes is in Louisville, where she will undergo an operation.

Mr. Earl Russell and Miss Barbara Russell left Monday for Richmond, where they will take two special courses in the E. K. S. N. S.

The wedding bells will ring soon at the Catholic church.

Mr. E. T. Bliss has moved his saw mill to Lib Clausen's farm.

Mrs. Sue Russell sold a nice bunch of hens to Mr. G. D. Boone for a fancy price.

Mr. Bradley G. Russell has moved to the Ridder farm.

Prof. Henry Davis was the guest of Mr. Earl Russell last week.

30,000 VOICES

And Many Are the Voices of Stanford People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women, who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Stanford people are in this chorus.

Here's a Stanford case:

J. T. Spoonamore, Whitley Ave., Stanford, says: "I was down with my back and I couldn't stoop or lift. The kidney secretions were too frequent in passage and caused me a great deal of annoyance. I tried a dozen different medicines, but didn't get any benefit until I began using Doan's Kidney Pills. By the time I had finished two boxes, I was cured. Kidney trouble has never bothered me since. Others of my family have also used Doan's Kidney Pills and have found them satisfactory."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Spoonamore had. Foster-Milburn Co., Props., Buffalo, N. Y. 12-1

Commissioner's Notice

Lincoln Circuit Court
George W. Cloyd and others, Plaintiffs,
vs.
NOTICE

Sherman Goode and others, Defendants.

All persons having claims against the estate of Phillis Goode, deceased, are hereby notified that I will sit in my office at the court house, in Stanford, Ky., from 10 o'clock, a. m., until 4 o'clock p. m., on

SATURDAY, FEBRUARY 26, 1916 to receive, hear proof on, and audit claims against said estate, and all persons holding such claims against said estate are now notified to have same properly proven as required by law, and to file same with me on or before said date.

At said time and place I will also hear proof as to the interests of the various plaintiffs and defendants in this action in and to the proceeds of sale of the land sold herein, and to that end will hear proof as to the kinship, and the degree thereof, of the said parties to said Mose Cloyd, Letcher Goode, and Phillis Goode, respectively, and will then and there also hear proof as to what interest said Phillis Goode possessed at her death in and to said land, and as to what, if any, personality was owned by her at her death. Each and all of said plaintiffs and defendants claiming to be heirs of the above named parties, to-wit: Phillis Goode, Mose Cloyd, Letcher Goode, are hereby notified of said sitting.

Such hearings will be held pursuant to order of the Lincoln circuit court, entered at its November, 1915 term.

\$1.00 A YEAR STRICTLY IN ADVANCE

Entered at the postoffice at Stanford as second class mail matter

The old Watts steel plant at Mid-
dlesboro, built in boom days of that
town at a reported cost of six mil-
lion dollars by the Virginia Iron,
Coal & Coke Co., has been sold for
a song to the Boston Iron Works of
Baltimore. The old plant will be dis-
mantled and the material shipped to
Baltimore and manufactured into
war munitions. The building of this
enormous plant caused people to
think Middlesboro the future great
and plank down their dollars for
ground there that was not worth
paying taxes on. A fitting finale for
the old thing that was seemingly cre-
ated to inspire confidence in the
then-termed "Magic City."

Coughs and Colds are Dangerous!

One out of every three people
die of Lung Diseases—all
started with a Cough.

At First Sign of Cough take
Dr. King's New Discovery.

Few of us realize the danger of
Coughs and Colds. We consider
them common and harmless ail-
ments. However statistics tell us
every third person dies of a lung
ailment.

Dangerous Bronchial and Lung
diseases often follow a neglected
cold. As your body struggles
against cold germs, no better aid
can be had than Dr. King's New
Discovery. Its merit has been
tested by old and young. In use
over 45 years. Get a bottle to-day.
Avoid the risk of serious Lung

ROBINSON'S

Health Is Basis Of All Content

The Half Sick Man or Woman
Is a Stranger to Hap-
piness.

Contentment is the very essence of
happiness. But, to be contented, or
happy, if you will, one must first
have good health.

Our supreme toast to the one we
admire is "Health, wealth and happi-
ness," and the keystone is health.

So many persons complain of be-
ing nervous and run down. This is
the age of speed, we haven't time
to care for ourselves. These run
down men and women are not exactly
sick, but just tired out, languid or
maybe good-for-nothing most of the
time. Their business, their home
and their life suffer.

They need something to build
them up, something to throw off
these symptoms of a weakened, de-
bilitated condition produced by ei-
ther mental or physical overwork or
by the abuse of a vital organ—more
often the stomach than any other.

That something has been found.
It is Tanlac. A tonic of rare prop-
erties, an appetizer and general in-
vigorant that rids the stomach, over-
coming indigestion, headaches, back-
aches, non-assimilation of food, ner-
vousness, dizziness, ailments of kid-
neys and liver, and the complaints
that are so common to the half sick,
debilitated men and women of today.

Its effect is like lifting your spir-
its gently back to the level of the
world's happiness that rests on
health.

Tanlac may be obtained now in
Stanford at Penny's drug store and
at Middleburg, at W. C. Bryant's,
where its properties cheerfully are
explained to all callers.

ROUGH WORK DISCLOSED

Some sensational allegations were
made in the investigation of the pro-
posed Stanley county proposition
that was beaten in the senate at the
state capital last week. Senator
Robert Antle, of Russell county told
the committee that J. C. Davis, of
Monticello, an attorney who profes-
sed to represent W. F. Klair, of Lex-
ington and F. Tom Hatcher, of Pike-
ville, whom Gov. Stanley has just ap-
pointed a Prison Commissioner, had
endeavored to get him to vote for
splitting Pike county by promising
to see to it that his friend, W. C.
Allen retained his seat in the house.
Davis declared, according to Antle,
that Klair and Hatcher were ready
to put up a cash guarantee of \$1,
500 to be forfeited if they failed to
keep their promise to seat Allen. De-
sha Breckinridge, of the Lexington
Herald, whose vigorous crusade
against the project started the in-
vestigation, charged before the com-
mittee that advocates of the division
of Pike county had contributed large
sums to the democratic campaign
fund last year in consideration of
support of the bill to cut Pike. Mr.
Breckinridge admitted that he him-
self could not prove this charge but
declared that the committee can ver-
ify the allegation by putting the fol-
lowing men on the witness stand:
Judge S. W. Hager, chairman of the
Democratic campaign committee last
year; Eli H. Brown, Jr., of Frank-
fort; F. Tom Hatcher, of Pikeville;
Wallace and Ben Williamson and Al-
lie Young, of Morehead.

PIMPLES AND SKIN ERUPTIONS DANGER—SIGNS OF BAD BLOOD

First Sign of Blood Disease.

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull, sluggish feeling leaves you—the complexion clears up. Even long-standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If you need expert advice write to Swift Specific Co., Atlanta, Ga.

Girls! Girls! Try It! Stop Dandruff and Beautify Your Hair!

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Heard About Town

Monday is Court Day. The I. J. will appreciate it if all subscribers who are behind, will send or bring in "that dollar" that day.

The condition of Mr. Thomas J. Oaks remains very critical, and his friends are apprehensive of the worst.

A little daughter has arrived at the home of Mr. and Mrs. Arch B. Smith, out on the Crab Orchard pike. She has been named Mary Louise Smith.

J. S. Mobley, of McKinney, who represents a popular cream separator in his part of the county was in town Friday to see about advertising it in the I. J., which he plans to do soon.

Mr. W. S. Fish was taken to Louisville Thursday morning for treatment by his brother, Dr. Carlos Fish, of Frankfort. Mr. Fish's condition is regarded serious and it is more than probable that an operation will have to be performed.

Mrs. Sallie Guthrie, mother of Mrs. J. A. Carpenter, of Perryville, but who lived in this city a number of years is dead at her home near that little city. She was probably the oldest woman in that section, and those who knew her well say she was one of the very best. Deceased celebrated her 94th birthday recently.

Mr. and Mrs. Thomas H. Eads, who have been residing near Crestwood, in Shelby county, came back to Stanford this week, and are being given a cordial welcome by their many friends. Mr. Eads sold his farm in Shelby, at a nice profit and is on the lookout for another farm in Lincoln. He says if the good people of this county will forgive him for leaving this time, he will never so offend again. Mr. and Mrs. Eads are temporarily domiciled in the Mahony property on Danville avenue, until he can find a farm that suits him.

You're Bilious! Let "Cascarets" Liven Liver and Bowels

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

Mr. Jasper Broughton and John O. Griffin, were in Lancaster on business Tuesday.

Miss Lula Andersen was the guest of Miss Maggie Broughton.

Miss Julia Broughton has been confined to her room this week.

The Coming Baby! Hooray! Hooray!

Nothing else can so completely endear us to the present and the future as the expected arrival of a baby. But in the meantime the mother is of vast importance. There is a splendid external remedy known as "Mother's Friend" which exerts a wonderful influence upon the expanding muscles. They become more pliant, stretch without undue pain, make the period of pleasant anticipation shorter and apprehension. In a series of splendid letters from all over the country mothers tell of the great help "Mother's Friend" was to them. Even grandmothers tell the wonderful story to their own daughters about to enter the state of motherhood. Get a bottle of "Mother's Friend" today of your nearest druggist. Use this splendid help with your own hand guided by your own mind. For a free book of interest and importance to all mothers write to Bradfield Regulator Co., 409 Lamar Bldg., Atlanta, Ga. It relates the personal experiences of many happy mothers. It tells many things that all women should be familiar with; it is at once a guide and an inspiration. Write for this book.

acres in timothy; 7-room frame dwelling of two stories. Best dwelling in this end of county; 4-room tenant house; barn 60x80; crib, buggy house, hen house, etc.; good orchard; 8 never failing springs on place. All buildings and fencing in first class condition. Place right on pike and one mile from town and R. R. station. Price only \$27.50 per acre. It will pay you to investigate this property.

No. 44.—234 acre farm 1-1/2 miles from one of the best towns in central Kentucky and only 2 miles from good railroad station; right on pike and in graded school district; all in grass except 4 acres and about 170 acres being in blue grass sod; no better watered farm in the state; fencing good; has a large two-story frame residence, large barns, etc. This land will grow anything you put on it; it is an ideal stock farm; magnificent home; splendid community; in the richest part of county. Price \$100 per acre; terms right.

No. 48.—324 acres, 2 miles from Stanford on good pike; most of this farm is in grass; besides the residence there is a good stock and tobacco barn, 36x80; cribs, etc.; fencing good; and always an abundance of water; this is a good stock farm and will graze more cattle than any farm in this section; price right and terms easy.

No. 80.—53 acres of land, one and a half story house of five rooms, porch and good cellar; one small stock barn and tobacco barn 60x30. All other necessary outbuildings; 35 acres in grass and cultivation; fine orchard of over 100 trees, peaches, pears, apples, etc.; well watered and fairly well fenced; a good home, well located, close to schools and in good community. Price, only \$1,200.

No. 82.—150 acres, small house, 7 acre tobacco barn; good orchard and vineyard; about 30 acres in grass, and 15 or 20 acres in cultivation; about 8,000 to 10,000 feet merchantable timber on place; house is old; barn and fencing fairly good; well watered, etc. Price only \$1,800, terms easy, one-third down and balance on long time.

No. 81.—Nice five-room cottage, large yard and good garden; small stock of groceries, hardware, etc., with cheap rental contract on store-room, barn and barn lots for four years. The store room, etc., is located right at corner of yard. This place is right on the pike and the best location in the county for a country store. Will sell for cash or trade.

No. 50.—Two-story, 9-room frame dwelling; two barns; place contains 1 acre of land; splendid garden, etc.; in Stanford graded district. \$2,000 wouldn't put the improvements on this place; will sell or trade. Price \$1,500.

No. 52.—225-acre farm in Indiana; about 45 miles north of Louisville; about 90 acres in blue grass; a splendid new 15-acre tobacco barn, large silo, 7-room residence and all necessary outbuildings; place well watered and fenced; 1-1/2 miles from good town and right on pike; right at the intersection of two good turnpikes; pike running full length of two sides of the farm; some of the place bottom land. This is a splendid farm and has so much pike frontage that it can be easily divided into several small farms. Will sell as a whole or divide.

No. 56.—200-acre farm; 4-room residence, porches, etc.; small new barn; also old barn and two old log houses on the place; two splendid orchards; good springs; well fenced and about 75 acres bottom land; this place faces the road for about a mile and can be easily divided into two or even three small farms. Right price and terms right.

No. 61.—One town lot right on Main street, 80x270. Price \$600; also four other lots 60x138. Price \$300 each and one lot 90x100. Price \$800. All of these lots have concrete walks and are well located. Best building lot in town.

No. 64.—172 acres of splendid hemp and tobacco land; two-story, 10-room brick residence with basement; splendid barn with water piped in the same; large concrete silo; all buildings in good repair. This is an A 1 farm. Price \$20,000; terms easy.

No. 69.—74 acres; 6-room dwelling; barn 40x60 and all necessary outbuildings; well watered and fenced; right on pike and only three miles from Stanford. Price \$6,000. One half cash and easy terms on balance.

No. 73.—Three-room cottage; new stable containing three stalls and corn crib; small storeroom on pike; good cistern at door and never failing well in lot; 5 acres of ground; all buildings and fencing in good condition. Place well located and in good community. Price \$1,750.

No. 75.—140-acre farm, two cottages; one 4 rooms; the other three rooms; ten-acre tobacco barn; 50 acres cleared; balance in timber; never failing springs; close to good town; churches and school. Price \$25 per acre.

No. 38.—Two storerooms in the heart of Stanford. Best location in town and both are always rented. These rooms are a splendid investment and always pay a good dividend after taxes, insurance and repairs are paid. Will make a price on these that will interest you.

No. 30.—106 acres of land located right at a good railroad station; 7-room residence, one old barn and one new 30x50, well shed on each side; crib, smokehouse, etc.; well watered and fenced. Good orchard; about 40 acres of this place in cultivation and balance for grazing. This is a bargain for \$50 per acre and terms right.

Preachersville

Mrs. William Naylor, of near Stanford, visited her parents, Mr. and Mrs. Levi Bell.

Mrs. Newton Gill is some better of grip.

W. H. Cummins is ill of grip.

We note the following Spring signs which are said to be infallible: Frogs croaking; robins and bluebirds in plenty have returned from the south; flickers beating tattoos on dead tree tops at noontime, and bumblebees have been flying about, while young grasshoppers are occasionally seen in sheltered places in meadows. Don't garden yet!

The quarterly conference was held at the Methodist church Monday and Tuesday by Rev. Greer, the presiding elder.

Great stress is laid upon exercise by medical practitioners and students of hygiene as being necessary to health, but let them prescribe the operation of a hemp brake or the swing of a maddock from sun to sun and how soon would their prestige wane?

We wish to submit the following tribute from a friend concerning the death of our oldest colored citizen. "The death last week of Uncle Jesse Anderson, of color, aged 78, marked the passing of a figure long familiar to the community. He was of the ante-bellum type, polite of manner, sober, industrious and reliable. His politeness was unfeigned, and his simple piety and gentle manners made him a dependable and appreciated figure among his neighbors. The period previous to the civil war has so far receded that we shall soon know nothing of the real affection that existed between master and slave. Uncle Jesse referred to his master and to 'his white people' with esteem, declaring if he had to return to bondage, he would have chosen the same master."

COUGHS AND COLDS ARE DANGEROUS

Few of us realize the danger of Coughs and Colds. We consider them common and harmless ailments. However statistics tell us every third person dies of a lung ailment. Dangerous Bronchial and Lung disease follow a neglected cold, no better aid can be had than Dr. King's New Discovery. Its merit has been tested by old and young. In use over 45 years. Get a bottle today. Avoid the risk of serious Lung ailments. Druggists.

MULE SALES AT MT. STERLING.

R. H. Wills, of Paris, accompanying buyer for mules from South Carolina, was here last week looking at several bunches and made purchases from Greenwade & Razor and others. He also bought 20 head from W. A. Thomason at North Middletown. Prices paid ranged from \$175 to \$210. Sixty head were bought.—Mt. Sterling Advocate.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

WHY YOU SHOULD SELL IN LEXINGTON:

Because it is the biggest market in the world.

Because all large manufacturers have their redrying plants here.

Because all smaller manufacturers buy through brokers on this market.

Because we have thirty-nine licensed buyers on the Lexington market.

Because the Lexington market has averaged for the past five years \$1.50 to \$3.00 per hundred above the entire average of the state.

Because it takes you 12 months of hard work to raise a crop; why not take a day or two longer and sell it on the BIGGEST AND BEST MARKET IN THE WORLD?

Don't take anybody's word for it, come and see for yourself and be convinced.

WE HAVE A SALE DAILY IN ONE OR MORE OF OUR HOUSES.

As to the prices we are getting and the way we look after your tobacco, ask anyone who has sold with us—we will stand by anything they say about us and solicit your trade on that basis.

We have in our market report for several weeks past reported a strong and active market with a decided advance for common red grades. This week the market has remained firm with values on a par with last week. There was some discrimination, however, against tobacco in too high order which had a tendency to give the market the appearance of not being quite so strong.

BRING YOUR JOB PRINTING TO THE I. J.

Crab Orchard.

The death of Mrs. Elizabeth Barker, which occurred at the home of her son, Peyton King, Sunday night, has cast a deep gloom over Crab Orchard, where nearly all of her long life of eighty-seven years, has been spent. Mrs. Barker had many lofty traits of character. She had a most wonderful memory which added to a well stocked knowledge of people and events made her a fine conversationalist. She was one of the most loyal devotees of the "Lost Cause" we ever met, and could entertain one for hours with events of the Civil War, and endangered both herself, and property many times in her eagerness to assist the rebel soldier to find shelter and a good meal. She was charitable to an extreme and devoted to those she regarded as friends. The two children she left behind are among our best citizens—Messrs. John and Peyton King. Dr. Jones of this city had just brought her through a severe attack of pneumonia, but Bright's disease, with which she had long suffered, was the cause of death. Mrs. Mary King watched beside her until the last and she was attended by children and grandchildren and everything was done for her comfort possible. Her last wishes regarding burial were carried out and she peacefully sleeps till the last trumpet shall sound when each one shall receive the reward of his or her earthly labors.

Miss Fannie King came home from Indianapolis to be with her grandmother, Mrs. Barker, during her late illness.

Rev. Wiatt preached a fine sermon Sunday morning on Education, and its bearing on religion.

Mr. Frazier Hurt, of Lancaster has purchased an interest in our flour mill here and will move his family to Dr. Harmon's cottage on Stanford street in a few days. Mr. Hurt married Miss Susie Hilton, of Stanford, a niece of Mrs. J. T. Cherry.

Mrs. Margaret James entertained the bride and groom, Mr. and Mrs. Walter Goodwin last Thursday evening. An elegant lunch was served and a most pleasant time is reported. Those present were Mr. and Mrs. Walter Goodwin, Miss Mary Gray

Don't Suffer—Laugh At Stomach Misery

**C. L. Penny Will Return the Money If
Mi-o-na Does Not Relieve
Dyspepsia.**

Among all the remedies in Penny's popular drug store, there are few that they are willing to sell on a guarantee to refund the money if they do not cure.

Mi-o-na, the famous dyspepsia remedy has helped so many of their customers that Mr. Penny says, "If this remedy does not relieve you, come back to our store and we will cheerfully return your money."

Anyone who has dyspepsia, indigestion, headaches, dizzy feelings or liver troubles, should take advantage of this chance to be made well without any risk of spending their money to no purpose. Mi-o-na will relieve you, will regulate the digestion, will enable you to eat what you want. If it does not do all this it will not cost you a cent.

Penny's drug store has sold hundreds of boxes of Mi-o-na and have yet to receive the first complaint from any customer. Such a record is simply marvelous and speaks volumes for the merit of the remedy.

Do not suffer a day longer with disordered digestion. If Mi-o-na does not give you complete satisfaction you have Penny's personal guarantee to return your money. 10-12

PUBLIC SALE

Having decided to go west, I will at my home, located about one half mile of Hustonville, Ky., on

FEBRUARY 12th, 1916

beginning at 10 o'clock a. m., sell to the highest and best bidder the following described property. My home consisting of about 20 acres of land in a high state of cultivation; about 12 acres of grass; old fashioned house of six rooms, hall, etc; well watered, two lasting springs; new tobacco barn; 1 mule, 8 years old, a good one; 2 mules, 4 years old, good workers; 2 mules, 7 years old, well broke and good workers; 1 mule, 1 year old 1 horse, 4 years old, by Dignity Dare, a good driver; 2 good milk cows. Farming implements, harness, plows, etc.; household and kitchen furniture also the following: 1 range, good as new; 1 leather top buggy in good shape; 1 pair 2 year old mules, have been worked; 1 Duroc boar, subject to register, 16 thoroughbred Duroc sows, bred to farrow the last of February; 1 disc harrow. This is a rare opportunity to buy a good home, located near a live town, with good graded schools.

JOHN SPEARS, Hustonville, Ky.

and Katherine Middleton and Messrs. Jordan Middleton and Thomas Hays Bronaugh. On Friday the same party were entertained by Miss Clara Collier who spread a most sumptuous feast for them at her home near town.

Mrs. George Lyne, who has been with her mother at Hawesville, since Thanksgiving, returned home Tuesday.

Mrs. Butt was very sick a few days since and Dr. Jones was at her bedside nearly all night, and her family were quite uneasy about her condition. She is some better at this time.

Dr. Edmiston has been quite sick with a deep cold and not able to be out of his room.

Uncle John Edmiston seems to be getting some stronger and his friends hope he will soon be out once more.

Miss Delphia Newland is in Georgia, visiting her cousin, Mrs. J. R. Bailey, who lives in that state.

Mrs. Wash Singleton has been very low with pneumonia at her home near town. She is some better at this writing.

Mrs. Stella Garner, of Louisville, came here last week for a few days visit to her mother, Mrs. Singleton.

Mrs. Will Pettus has been quite sick with a deep cold for several days.

Dr. Jones was called to Preachersville this week to see a very sick child of Mr. and Mrs. Flem Cummins.

Mrs. Mary Morgan has been sick for several days.

Mrs. Luther Garner and Miss Lillie Garner of Cedar Creek, were visitors of Mrs. M. E. Fish Tuesday.

Mr. Steve Teters has accepted a position as hotel clerk at the St. Ivan Hotel here. Mr. Teters has followed this business for years and we feel sure will make himself very useful to Mr. Fish in his work.

Our roads leading towards Stanford and Somerset are in the worst condition for years and it was with the greatest difficulty the hearse could get out to Mr. Pate King's. An auto from Danville containing Mrs. Tom Douglas, Mr. and Mrs. John J. Nave and others could not travel, and but for people passing in a buggy they would have been unable to attend the funeral of Mrs. Barker.

It is said burglars made several attempts to break into houses here Tuesday night and our Marshal, Mr. Hamilton was kept busy.

Miss Ophelia Lackey gladdened her friends by an appearance at Sunday School and church last Sunday. She made quite an interesting talk to the Sunday School and said she was proud to see Mr. Skiles as Superintendent.

By some mistake not intended, the names of Dr. M. M. Phillips and wife were omitted from the list of guests who enjoyed the Rook party given at the Springs. The Doctor and his wife were present, and helped to make an enjoyable evening.

Mrs. Charles Redd is able to sit up after a severe trouble with an abscess on her right lung. She was attended by Dr. Phillips.

Charlie Cooper is not very much improved.

A loving greeting today to our many friends afar who anxiously turn to these letters each week, for they are read in far-off California, Texas, and in fact every state in the Union, and thoughts of many of you sweeten the task of writing from Crab Orchard. We especially think of our friends in Long Beach, Cal., in Ensley, Ala., in Muskogee, Okla., and in Tucson, Ariz., as we write from Crab Orchard.

One Dose Relieves A Cold—No Quinine

"Pape's Cold Compound" Makes You
Feel Fine at Once—Don't Stay
Stuffed-up! Take it Now.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine. 12-1

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Uncle Tommy Meadows is still confined to his bed with severe and prolonged attack of the grip.

Our friend and neighbor Johnnie Sluder is rapidly completing his garage at this place, and will soon be ready to fix them up for you.

We are reliably informed that Dr. Smith is to soon join the army of Lincoln county autoists, having recently placed his order for a Ford with Mr. Henry Anderson at Stanford.

At Sonora, John Brasher sold 26 mules to Mr. Lawhorn, of Atlanta, Ga., at \$195 each.

Swamp-Root Stops Serious Backache

When your back aches, and your bladder and kidneys seem to be disordered, remember it is needless to suffer—go to your nearest drug store and get a bottle of Dr. Kilmer's Swamp-Root. It is a physician's prescription for diseases of the kidneys and bladder.

It has stood the test of years and has a reputation for quickly and effectively giving results in thousands of cases.

This prescription was used by Dr. Kilmer in his private practice and was so effective that it has been placed on sale everywhere. Get a bottle, 50c, and \$1.00, at your nearest druggist.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the semi-weekly Interior Journal, Stanford Ky. 9,10,11,12

Well Known Remedy Relieves Chronic Case

IMPORTANT TO DISPOSE OF
WASTE FROM THE STOMACH
WITH REGULARITY.

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggravate than to relieve the disorder.

When the bowels act regularly the stomach is in better shape to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin which is sold in drug stores for fifty cents a bottle.

Dr. Caldwell has prescribed this remedy in his practice for over a quarter of a century and it is today the standard household remedy in thousands of homes. Mr. Thos DeLoach, with the Department of the Interior, Office of Indian Affairs, at Washington, wrote Dr. Caldwell recently that "Dr. Caldwell's Syrup

MR. THOS. DeLOACH

Pepsin is the best laxative I have any knowledge of and the cleaning up guarantee by its uses relieves every organ."

A bottle of Dr. Caldwell's Syrup Pepsin should be on hand in every home for use when needed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington street, Monticello, Ill.

J. C. Yates, of Bradfordsville, bought of Curt Yarbary, of Adair county, five yearling mules for \$675. An average of \$187 was made on 56 Polled Herefords, at a recent sale held by Henry Reimers at Gladbrook, Iowa.

W. K. Shugars is getting up a good lot of brood mares for his Casey county farm. Of C. E. Tate he got two at \$150, of W. D. Gover, one for \$150 and of Harry Carter a filly for \$125.

Claude Wilcher, who lives on the W. L. McCarty farm in the West End, sold to V. M. Tanner a lot of picked corn at \$4.20. Mr. Wilcher tells the I. J. that he is turning over a field of grass that has not been cultivated since the Civil War. It contains about 30 acres and he will put it in corn and tobacco.

Frank French, of near Rineyville, purchased last week sixty head of stock hogs to be delivered April 15th at \$8.50, says the Elizabethtown News. This is the highest price paid in the county for some time. Frank French, however, is a safe business man and when he buys ahead of the market value, as he has done in this case, it is a good sign that hogs are going up.

W. H. Corum of Hodgenville, who returned a day or two ago from Atlanta, where he has been for several weeks, reports the mule market there very much demoralized by diphtheria which is killing a great many mules. The disease seems to be very fatal according to Mr. Corum, and buyers are not inclined to purchase for fear of losses. From this disease in the last ten days more than 50 mules have died and as a result the mule market in Atlanta is completely demoralized.—E'town News.

COLDS NEED ATTENTION.

Internal throat and chest troubles produce inflammation, irritation, swelling or soreness and unless checked at once, are likely to lead to serious trouble. Caught in time Dr. Bell's Pine-Tar-Honey loosens the phlegm and destroys the germs which have settled in the throat or nose. It is soothing and healing. Pine is antiseptic; honey is soothing—both together possess excellent medicinal qualities for fighting cold germs. Insist on Dr. Bell's Pine-Tar-Honey 25c, all druggists.

Middleburg

People are watching very closely the Administration and its allies at Frankfort, and they are also watching the Administration candidates for Congress in this district.

Rev. Luther Young filled his regular appointment at the Christian church at Yosemite Sunday morning and evening. There will be preaching at the Baptist church Saturday evening, Sunday morning and evening.

If Representative James Wall should get the Corporation of Dunnville revoked he will have done more than the average Representative from this district has ever done. Most of them have never been heard of after going to Frankfort.

Mrs. L. J. Jones, who had a stroke of paralysis some time ago, is slowly recovering, and her neighbors hope to see her out again soon.

Sunday was a blue day for Sunday schools and church worship. But it is pleasing to note that the Sunday schools here are having a much better attendance and a greater interest manifested than ever before in winter. R. B. Young, the new superintendent at the Baptist church, is proving his efficiency, and has reasons to be proud that the work is prospering in his hands.

Harve Helm made no mistake in his endorsement of Roger Hicks for rural mail carrier out of Hustonville. Roger is a Casey county boy, and one of the best. He is polite and obliging, capable and industrious, and there is not the least doubt that he will give the patrons of his route the best of service.

The people here are watching the course of Senator Charles Montgomery and are pleased to note that he is not "toadying" to any one, but is looking closely to the interest of the people. Charley will be rewarded

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.
